Experience that Matters

Champion Hoist and EquipmentTM has a low tolerance for defects and a strong desire for quality craftsmanship to ensure customer satisfaction. Dedicated to perfection and continuing to lead the industry with over 35 years of excellence, Champion built hoists are well developed and industry proven. Champion built equipment is shot blasted and powder coated black to ensure a long lasting durable product. We are a proud member of the National Truck Equipment Association.

Champion built cylinders and hoists are designed to be double acting (power up and down). Our hoists are easy to install with as little truck and body modification as possible. To further ease the installation process, Champion hoists mount to the body and truck chassis using heavy duty grade 8 bolts with little or no welding needed.

With over 30 hoists offered, Champion Hoist and EquipmentTM is sure to have what you need.
